Helios Grade-Band WhatsApp Groups (2025-2026)

Click below to join your student/s' grade-band WhatsApp group chat. While joining is completely optional, it is a great way to be in touch with the other parents in the grade-band for social get togethers, recommendations, messages from room parents, or to ask clarifying questions.

Please note that official school communication continues to be through email, and any questions or concerns around school decisions or policies should be directed towards the teachers and/or administration.
